

Guarantee

It is impossible to guarantee the success of any particular therapeutic intervention—if you fail to use it. And sometimes compliance or use of a particular intervention is difficult to measure. Nevertheless, The Anxiety & Stress Center will guarantee the quality and the professionalism of its services.

If you believe, for any reason, that the Center did not treat you respectfully, professionally, and competently, the Center will treat you and your guest to dinner at the Summit House in Fullerton, California in the amount of up to \$111 excluding alcoholic beverages and tips. In the event that this (one of southern California's finest restaurants) does not fulfill your needs due to location, schedule, etc., you may substitute a comparable restaurant of your choice with the advance concurrence of the Center.
